Introduction:

On December 7, 2001, PNV.Net, Inc. ("PNV" or "Applicant") filed with the Commission a letter requesting cancellation of its Certificate of Convenience and Necessity ("Certificate").

Background and Staff Analysis:

PNV was approved to offer competitive telecommunications services in Arizona as a reseller of interexchange service in Decision No. 61531. PNV stated it has no customers in Arizona. PNV is no longer doing business; does not service any intrastate customers; and no prepayments, deposits, or advances would be at risk by cancellation of PNV's Certificate.

Since PNV does not serve any Arizona customers, and there are numerous other carriers offering similar services, Staff believes that granting this application for cancellation is in the public interest.

Recommendations:

Staff recommends cancellation of PNV's Certificate of Convenience and Necessity.

Staff further recommends that the application be approved without a hearing.
